Cook, has been made with positive results. Comparison is identical. In view of identical dental comparison, favorable height, type of clothing found on remains, and the fact that an identification tag was found on the remains, it is determined that the remains formerly interred in grave 31 are those of Pfc. Cook. Comparison of the dental chart for remains formerly interred in grave 1892, USMC Kalaikunda, India, with Army dental records of Pfc. Cook, was made with negative results.
4. It is therefore requested that all records be amended to indicate that the remains previously interred in grave 31, USMC Barrackpore, India, are those of Pfc. Cook. Records of this office have been amended. It is further requested that the remains previously interred in grave 1892, USMC Kalaikunda, India, be redesignated as Unknown and a corrected Report of Interment be forwarded this office at the earliest practicable date.

SUBJECT: Transmittal of Report of Reinterment.

TO : The Office of The Quartermaster General,
Department of the Army, Washington 25, D.C.
ATTN: Memorial Division.

1. Transmitted herewith is a Report of Reinterment together with Medical Examination Report and Dental Chart for human remains removed from an isolated grave on a former battlefield near Myitkyina, Burma. It is noted from Medical Examination Report that these remains comprise a complete skeleton on which was found an Identification Tag and an Identification Bracelet bearing the name PARVIN COOK, 35725779. These remains were reinterred in Plot 3, Row W, Grave 31, at the U.S. Military Cemetery, Barrackpore, India.

2. It is advised that this headquarters already has a PARVIN COOK, 35725779, PFC. 475th Infantry, interred in Plot 8, Row S, Grave 1892, in the U.S. Military Cemetery, Kalaikunda, India. A Form 1042 accomplished by a previous headquarters, concerning this burial, shows that subject decedent was removed from Plot 8, Row B, Grave 88, U. S. Military Cemetery at Myitkyina, Burma. GR Form #1, shows that no Identification Tags were found on the remains but that one was attached to the Wooden Cross marking the grave.

3. Because of this duplication this headquarters reexamined the grave in Kalaikunda Cemetery and found that it contained a complete skeleton, on which a Dental Chart was accomplished and is attached herewith as Inclosure No.2. It is requested that the Dental Chart referred to above and the Dental Chart accompanying attached Form 1042 be compared with the War Department Records of "PARVIN COOK" to ascertain which compares favorably with his remains, and results of findings furnished American Graves Registration Service Honolulu.

4. In either case one of these burials will be that of an unidentified individual, therefore, it is further requested that the Dental Chart for the unidentified remains be compared with the charts of other personnel carried as "MISSING" or "KILLED" in the Myitkyina, Burma area in an effort to establish identification.

SUBJECT: Transmittal of Report of Reinterment.

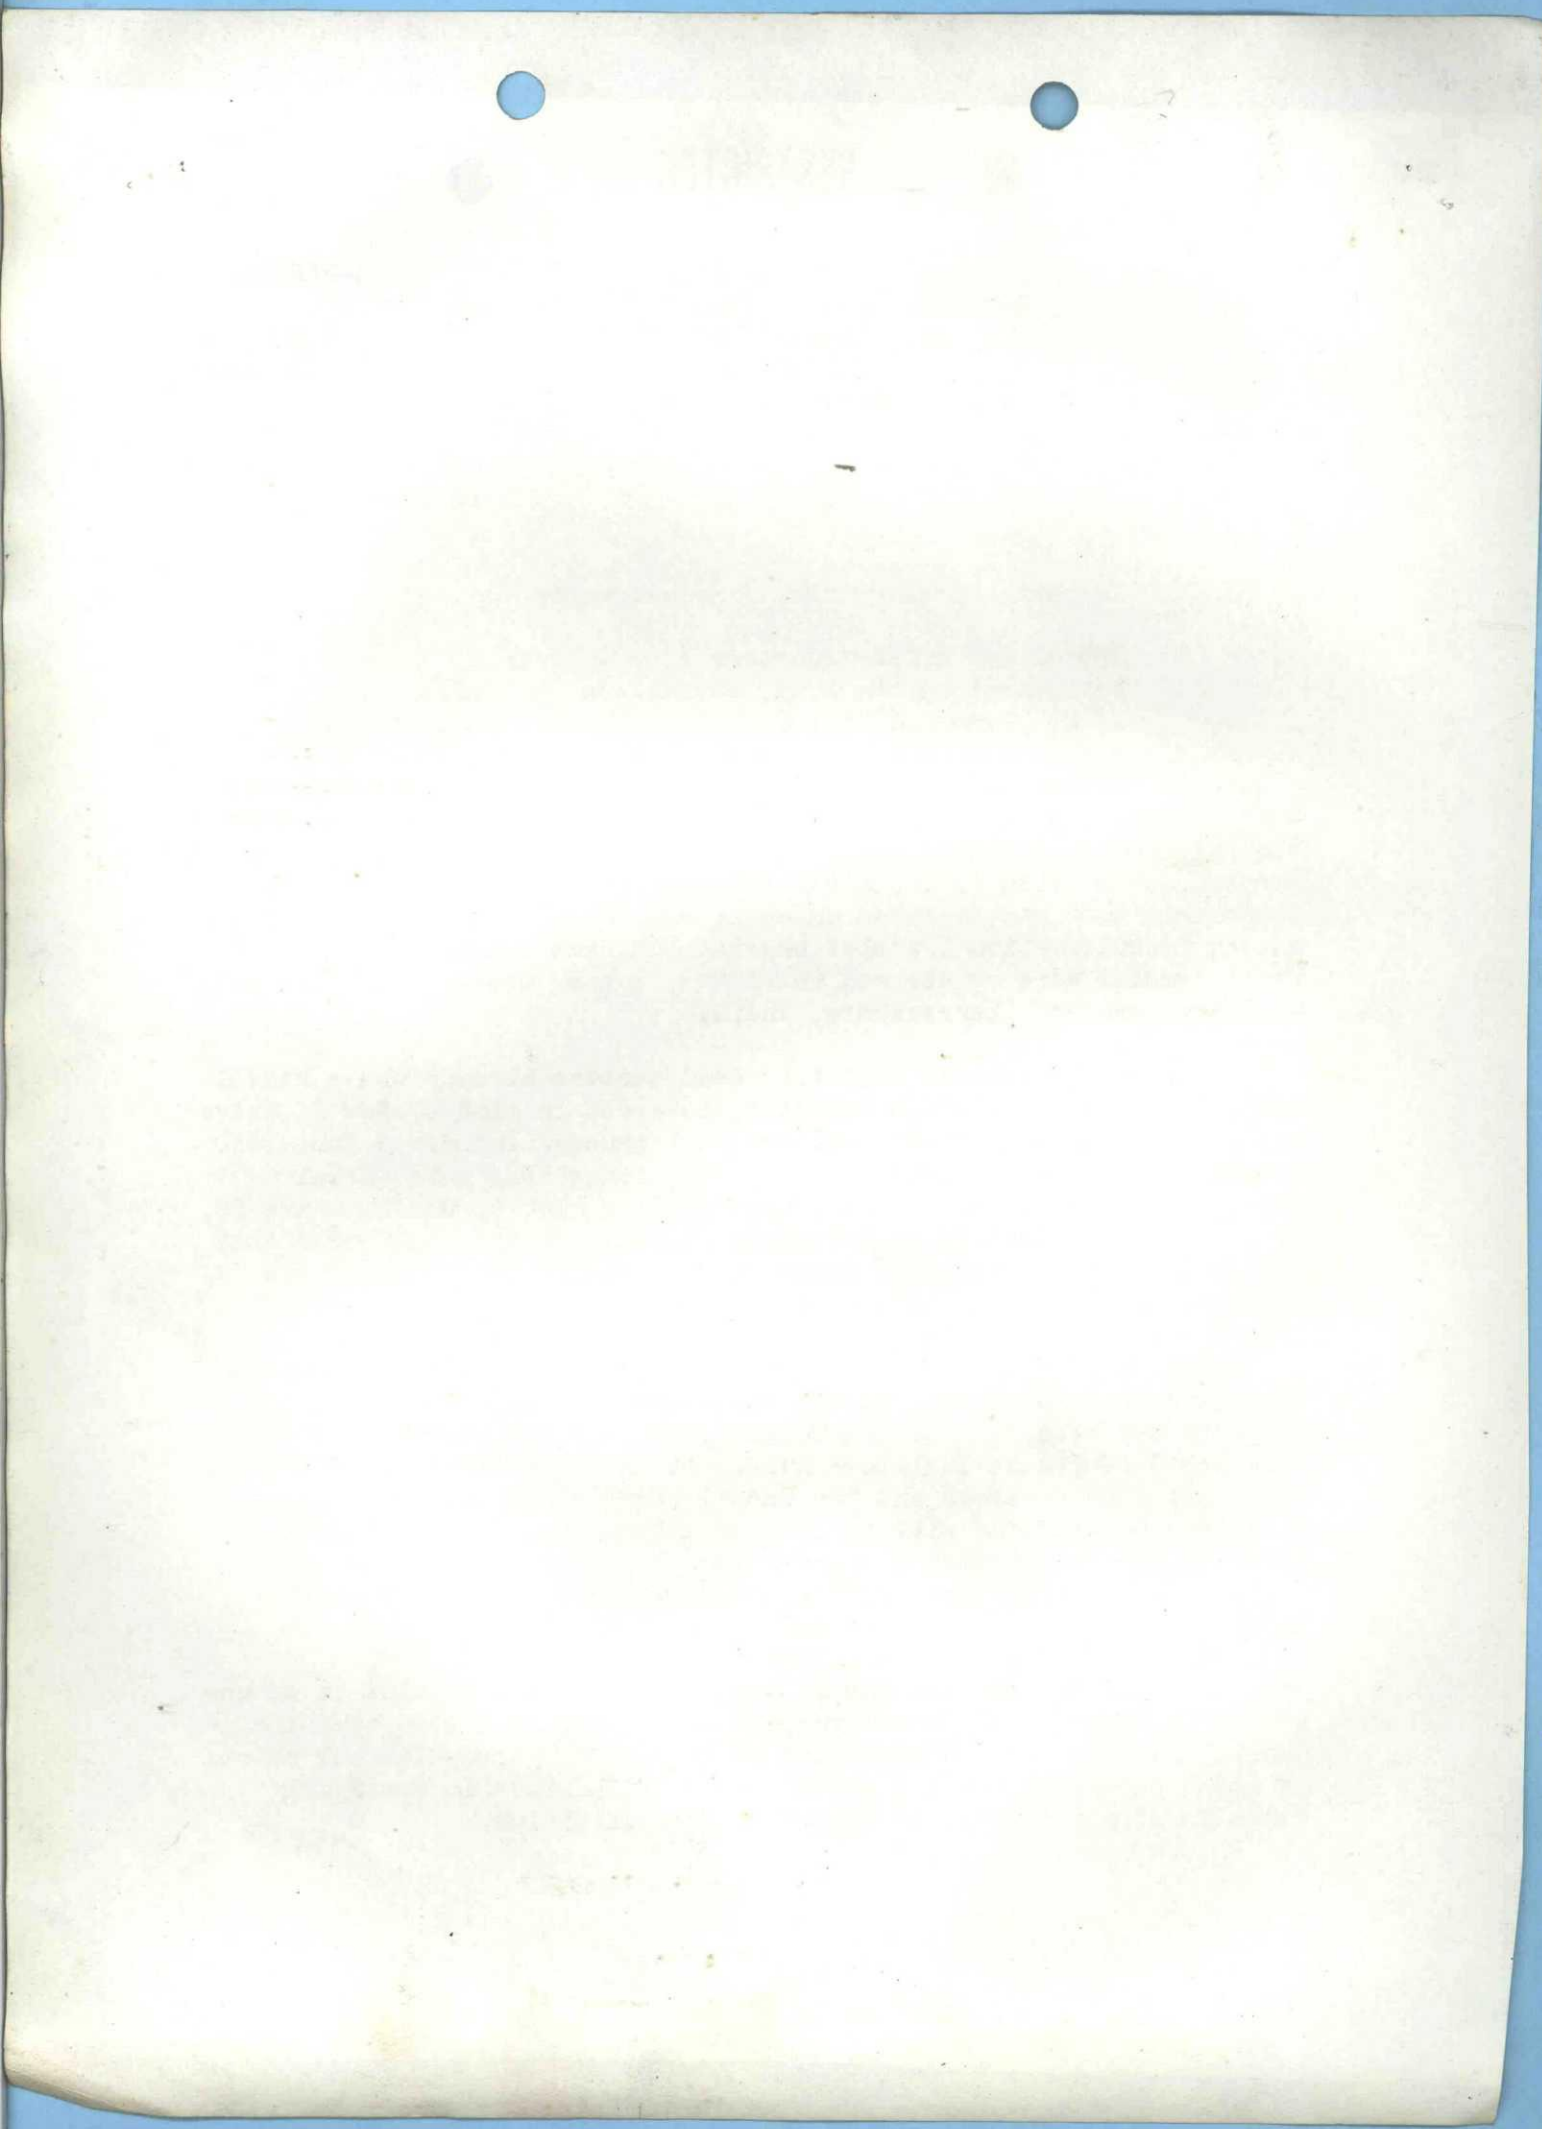

TO : The Office of The Quartermaster General,
Department of the Army, Washington 25, D.C.
ATTN: Memorial Division.

1. Transmitted herewith is a Report of Reinterment together with Medical Examination Report and Dental Chart for human remains removed from an isolated grave on a former battlefield near Myitkyina, Burma. It is noted from Medical Examination Report that these remains comprise a complete skeleton on which was found an Identification Tag and an Identification Bracelet bearing the name PARVIN COOK, 35725779. These remains were reinterred in Plot 3, Row W, Grave 31, at the U.S. Military Cemetery, Barrackpore, India.

2. It is advised that this headquarters already has a PARVIN COOK, 35725779, PFC. 475th Infantry, interred in Plot 8, Row S, Grave 1892, in the U.S. Military Cemetery, Kalaikunda, India. A Form 1042 accomplished by a previous headquarters, concerning this burial, shows that subject decedent was removed from Plot 8, Row B, Grave 88, U. S. Military Cemetery at Myitkyina, Burma. GR Form #1, shows that no Identification Tags were found on the remains but that one was attached to the Wooden Cross marking the grave.

3. Because of this duplication this headquarters reexamined the grave in Kalaikunda Cemetery and found that it contained a complete skeleton, on which a Dental Chart was accomplished and is attached herewith as Inclosure No.2. It is requested that the Dental Chart referred to above and the Dental Chart accompanying attached Form 1042 be compared with the War Department Records of "PARVIN COOK" to ascertain which compares favorably with his remains, and results of findings furnished American Graves Registration Service Honolulu.

4. In either case one of these burials will be that of an unidentified individual, therefore, it is further requested that the Dental Chart for the unidentified remains be compared with the charts of other personnel carried as "MISSING" or "KILLED" in the Myitkyina, Burma area in an effort to establish identification.

SUBJECT: Transmittal of Report of Reinterment.

TO : The Office of The Quartermaster General,
Department of the Army, Washington 25, D.C.
ATTN: Memorial Division.

1. Transmitted herewith is a Report of Reinterment together with Medical Examination Report and Dental Chart for human remains removed from an isolated grave on a former battlefield near Myitkyina, Burma. It is noted from Medical Examination Report that these remains comprise a complete skeleton on which was found an Identification Tag and an Identification Bracelet bearing the name PARVIN COOK, 35725779. These remains were reinterred in Plot 3, Row W, Grave 31, at the U.S. Military Cemetery, Barrackpore, India.

2. It is advised that this headquarters already has a PARVIN COOK, 35725779, PFC. 475th Infantry, interred in Plot 8, Row S, Grave 1892, in the U.S. Military Cemetery, Kalaikunda, India. A Form 1042 accomplished by a previous headquarters, concerning this burial, shows that subject decedent was removed from Plot 8, Row B, Grave 88, U. S. Military Cemetery at Myitkyina, Burma. GR Form #1, shows that no Identification Tags were found on the remains but that one was attached to the Wooden Cross marking the grave.

3. Because of this duplication this headquarters reexamined the grave in Kalaikunda Cemetery and found that it contained a complete skeleton, on which a Dental Chart was accomplished and is attached herewith as Inclosure No.2. It is requested that the Dental Chart referred to above and the Dental Chart accompanying attached Form 1042 be compared with the War Department Records of "PARVIN COOK" to ascertain which compares favorably with his remains, and results of findings furnished American Graves Registration Service Honolulu.

4. In either case one of these burials will be that of an unidentified individual, therefore, it is further requested that the Dental Chart for the unidentified remains be compared with the charts of other personnel carried as "MISSING" or "KILLED" in the Myitkyina, Burma area in an effort to establish identification.
